Abercrombie & Fitch Company
Madison Avenue at 45th Street
New York 17, New York

Dear Mr. Cleary:

Confirming our telephone conversation of today, I would appreciate it if you would make the necessary arrangements to ship to my home address shown on or about 30 June 1956, five complete sets, winter and summer, of the special clothing which we have previously received from you.

These kits should be numbered 8 through 12 and designated with the appropriate "Summer" or "Cold" symbols on the outer and inner packages. You will recall that we discussed standardization of the kit we have been providing with the furnishing of the large nylon pouches, and that I had also asked you to include with each kit one No. 224 Swiss Army Officer's knife manufactured by Wenger and Company of Delemont.

Since my present balance with you is only $3.55, I am attaching my personal check in the amount of $2,000.00 (Two Thousand Dollars), which can serve as a balance against which kits 8 through 12 may be charged. In accordance with the usual practice, I would appreciate receiving, at the time of shipment, an itemized accounting of these purchases covered herein in three copies, if you will be so good.

Thanking you again for your continued cooperation,

Sincerely yours,
